## **PROFILE**

Best known for my award winning work with Chotto Ookii theatre company, which incorporated elements of Clowning and Buffon with Puppetry and Contemporary Dance, I have been touring small-mid scale devised theatre work since 2006 both nationally and internationally, whilst also providing mentoring and directorial support for several emerging artists as they develop their practice.

In addition to the shows listed below I have extensive experience in Street Performance having consistently worked as a freelancer for Faceless Arts since 2005. I have toured nationally as Stand Up Comedian and until recently hosted Greentop Circus Cabaret in Sheffield.
